

Golden Gate Margarine

Oakville, Ontario, Canada

Description

Trumbley & Hampton designed and built this impressive 48,000 square foot white architectural precast facility with black curtainwall and accent panels for Golden Gate Margarine. The project consisted of the company's two storey head office, several margarine production lines, a 40°F Cooler and a dry goods Storage Warehouse. The project received special attention from the Town of Oakville throughout construction due to the site location in a prestigious business park and its prominent exposure and visibility from Highway 403.

End Use

Margarine Production and Warehouse

Building Size

48,000 sf
