

# Midland Transport

## Cambridge, Ontario, Canada

### Description

A repeat customer of Trumbley & Hampton, Midland Transport (a division of J.D. Irving Ltd.) needed a foothold to expand their LTL service West of Toronto. They located the perfect site in Cambridge, Ontario, that included a defunct and sorely neglected cross-dock facility. Trumbley & Hampton provided the existing structure with a much needed update, conducting a full renovation of the complex, including additional insulation with re-roofing, re-painting the exterior wall cladding, concrete floor patching, new dock levelers, doors and seals. The office area was completely gutted and re-finished to meet Midland's high standards.

### End Use

Truck Dock

### Building Size

23,000 sf

### Special Features
