

TAYLOR
MOVING & STORAGE

To increase efficiency, Taylor Moving & Storage expanded their headquarters in Burlington, Ontario. A 20,000 square foot Warehouse was added to their current facility with 28'-0" clear height to greatly increase the cubic storage area. The head office was also expanded along with major renovations to the existing office areas. New loading docks and a trailer storage area completed the facility. The increase in building area required the entire existing facility to be retrofitted with a fire suppression system. The facility remained in operation during the construction and renovations.
